

2016 Kentucky Health Coalitions Directory

Updated July 2016

FOUNDATION FOR A
**HEALTHY
KENTUCKY**

***A directory of community coalitions,
collectives, collaborations, groups,
networks and partnerships working to
improve the health of Kentuckians.***

ABOUT THE FOUNDATION FOR A HEALTHY KENTUCKY

Since the Foundation opened its doors in 2001, it has invested nearly \$25.5 million in health policy research, grantmaking, relationship and capacity building, and convening meetings across the Commonwealth.

Funded by an endowment, the mission of the Foundation is to address the unmet health care needs of Kentuckians by:

informing and influencing health policy,
improving access to care,
reducing health risks and disparities,
and
promoting health equity.

Follow the Foundation on [Twitter](#) and on [Facebook](#),
or visit our website at www.healthy-ky.org.

ABOUT THE KENTUCKY HEALTH COALITIONS DIRECTORY

Beginning in 2011, the Foundation for a Healthy Kentucky undertook an effort to identify community coalitions, collectives, collaborations, groups, networks and partnerships working to improve the health of the citizens of Kentucky. We were interested in organized and semi-organized groups of concerned citizens working to make Kentucky a healthier place to live, work, and play.

The purpose of this effort and the resulting directory, now in its third iteration, is to foster collaboration, build local capacity, provide technical assistance, promote the Foundation's funding opportunities, and celebrate successes.

Coalitions were identified by consolidating lists of known coalitions, reaching out at meetings and events, reviewing news clippings on local efforts, requesting additional entries from partner agencies, and a web-based survey. Coalitions authorized the publication of their information in this directory.

This directory is a living document. As new coalitions emerge, contact information changes, and priorities shift, we will periodically revise and update this directory.

**We welcome your changes and additions.
Please notify Rachelle Seger at the Foundation for a
Healthy Kentucky by email rseger@healthy-ky.org
or phone (502) 326-2583, toll free (877) 326-2583.**
